# Muralidaran Bowling Action: Final Report to BCCSL

Conducted by: **Ravindra S. Goonetilleke**
Ph.D., M.Sc., M.S.A.E., B.Sc.(Hons.), MHF&ES
Ergonomics Division

Research Team: Buwanaraja Perera
M.Sc., B.Eng.(Hons.), C.Eng., MIChemE, MIWEM
Ajith Samarasekara
Stanley Sze (Technician)

**27th February, 1996**

# Muralidaran Bowling Action: Final Report to BCCSL

## Pre-amble

The study described herein was originated by Dr. Ravindra S. Goonetilleke of the Hong Kong University of Science & Technology. The letter of intent and an outline of the method was first submitted to the Minister of Sports, the Hon. S. B. Dissanayake on January 8, 1996. Based on subsequent communications, the Board of Control for Cricket in Sri Lanka made arrangements to have Muralidaran available in Hong Kong on his way back to Colombo after the tour of Australia. Accordingly, Muralidaran arrived in Hong Kong on the 2nd February and all tests reported here were conducted from the 3rd February 1996 to the 6th February 1996. An interim report dated 9th February 1996 was submitted to the BCCSL and the Minister of Sports.

There were no consultancy fees involved. The study was performed on a voluntary basis.
